

HF PHN's Clinical Observation Experience - Breastfeeding Basics Orientation

Due date: December 20, 2013

Healthy Families Public Health Nurse will:

- Describe the clinic (physical space, times, fees or funding).
- Explain how clients access the clinic (drop-in, by referral or by appointment).
- State the qualifications of the staff at the clinic.
- Describe the breastfeeding challenges of clients you saw at the clinic during your observation experience.
- Choose two of these breastfeeding challenges and describe the suggestions given by Lactation Consultant and/or MIH Public Health Nurse. Identify which breastfeeding protocol(s) support the suggestions.

Please complete **Summary of Clinical Observation Experience** (1 page maximum) and **e-mail** your summary to Kathy Jacyniak (kjacyni@toronto.ca) or send it through **inter-office mail** (MIH Team SW, Crossways office, 2340 Dundas St. West).

Thank you,

Breastfeeding Educators: Kathy Jacyniak & Chrysta Musselman
